

NAME:- PRADEEP LAHU RATHOD

ROLL NO:- 49

BUFFER READER

CODE :

```
import java.io.FileReader;  
import java.io.BufferedReader;  
  
class main {  
    public static void main (String [] args) {  
  
        char[]array =new char [100];  
  
        try{  
            FileReader file=new FileReader("input.txt");  
  
            BufferedReader input =new BufferedReader(file);  
  
            input.read(array);  
            System.out.println("Data in the file: ");  
            System.out.println(array);  
  
            input.close();  
        }  
        catch(Exception e) {
```

```
e.getStackTrace();  
}  
}  
}
```

OUTPUT :

```
C:\Users\yedu0\OneDrive\Documents\java>java FileReader.java  
HII EVERYONE!!  
WELCOME TO VCET !!
```
